Prendio is Hitting the Road This Fall—And We'd Love to Meet You!

Have you heard the news? Prendio has partnered with NetSuite, the #1 Cloud ERP, to create the most efficient procure-to-pay system in the history of biotech. We'll be showcasing our solution together in Vegas at SuiteWorld 2022 from September 27-30, and we'd love to see you there. [Click here](#) to request a meeting with Tyler Mizenko, our Vice President of Relationships and Business Development. He's looking forward to meeting you!

Can't make it to Vegas in September? Tyler will be visiting the Chicago area from October 10-12. [Click here](#) to schedule a time to meet up for coffee or lunch in the Windy City.

Featured Feature: Free Supplier Punchouts

Prendio's main mission is to streamline the biotech procure-to-pay process, and one of the ways we do this is by offering the most free supplier punchouts of any eprocurement solution on the market today. Each punchout is custom built for your company with your specific customer account numbers, various ship-to addresses, and special pricing coded in so that your scientists can punchout orders through supplier websites quickly, easily, and securely.

Employee Spotlight: Rens Methratta

Meet Rens Methratta, Prendio's new Chief Technology Officer!

Rens was hired in January 2022 as Prendio's Vice President of Technology and quickly proved to be a valuable asset to the company. "Rens has restructured the engineering team and collaborated with the product team to refine and prioritize the pipeline," said Prendio Co-Founder and Partner, Laura Stack. "He is a pleasure to work with and we are excited to see what the future holds."

"Rens' background of building teams and products from the ground up has helped to accelerate growth for Prendio both as a software solution and as an organization," added Co-Founder and Partner Vincent Bologna.

From all of us at Prendio, congratulations on your promotion, Rens!

Fun Fact

We hit a huge milestone this summer – One million orders processed through Prendio! At the rate we're growing, 2 million will be just around the corner!
